

THE MINNESOTA
TRANSPORTATION
ALLIANCE SHAPING THE FUTURE
OF TRANSPORTATION.

Join The Minnesota Transportation Alliance

The trusted coalition of leaders shaping
Minnesota's transportation system

Shape policy. Secure funding.

The Minnesota Transportation Alliance brings together leaders from every corner of the industry: public and private, urban and rural. We plan, fund, build, and maintain Minnesota's roads, bridges, transit, ports, and rail. As the only coalition that truly unites the whole spectrum of stakeholders, we have a trusted, nonpartisan voice pushing for stronger infrastructure, safer streets, and smart economic growth across the state. We're a group of experienced, practical leaders, and together we've built a long track record of getting things done for Minnesota.

We want you to be a part of it.

"In addition to providing tremendous value in legislative engagement, the Minnesota Transportation Alliance is essential in unifying Government, Private and Industry representatives' voices across the state to advocate for a safe and reliable statewide transportation system. The connections and relationships that Blue Earth County has gained through the Alliance have been incredibly valuable to our organization."

Ryan Thilges, P.E. | Blue Earth County

Why join?

Add your influence to shape the future of transportation in Minnesota

If you're involved in transportation in Minnesota, we'd love you to join us. Membership gives you a seat at the table with lawmakers, MnDOT, the Metropolitan Council, and the full spectrum of industry partners. Together we speak with one united, effective voice for transportation funding, policy, and projects that keep Minnesota successful.

"The Minnesota Transportation Alliance Effectively represents and informs counties, cities and townships when it comes to important transportation funding issues. Through the Alliance, we join together with private sector companies and other organizations involved in transportation to secure significant new funding including dollars for local roads and bridges. With the Transportation Alliance, we get the big picture. We're part of a coalition working to improve the safety and effectiveness of Minnesota's transportation system."

Jodi Teich | Otter Tail County Engineer

Community Leaders

When you join the Alliance, you get practical tools, insider access, and real connections that help you move projects and policy forward. We turn member action into legislative success and sustained investment.

Our Members Enjoy

Direct access to decision makers and timely policy briefings

Networking that turns relationships into projects and revenue

Advocacy that brings federal and state grant dollars home to Minnesota

Member-only research, toolkits, and legislative alerts

Discounts on events and priority visibility in Alliance publications and directories

Events That Move Policy and Projects

Our events and policy projects bring serious results, and a surprising amount of fun, mixing insider briefings and hands-on advocacy with connections that lead to real work.

Capitol Day

Meet legislators, deliver project priorities, and see coalition advocacy in action.

Washington Fly-In

Build federal support and secure grant funding in D.C.

Annual Meeting & Construction Forecast

Project intel, funding outlooks, and industry recognition.

Local & Regional Meetings

Targeted conversations where your community lives and works.

What Our Members Say

“As a member of the Minnesota Transportation Alliance, our city benefits from increased state aid dollars and new funding opportunities made available through legislation the Alliance has been advocating for over the course of many years.

With a strong, statewide coalition of organizations all working together, we’ve seen significant new funding at the state and local levels for transportation projects and programs. The Alliance continues to push new ideas and remains the voice for transportation in Minnesota.”

Steve Bot | City of St. Michael

“Bolton & Menk is a strong supporter of the Minnesota Transportation Alliance because we value the advocacy for impactful transportation funding and policy. This work is necessary to build and maintain a Minnesota transportation network that supports a thriving economy and safe and sustainable communities. Companies like Bolton & Menk can better serve our clients with access to timely information on key issues and opportunities, and the ability to quickly rally with others to support industry needs. We look forward to our continued partnership with this diverse Transportation Alliance coalition as we work to help Minnesota deliver a transportation system for the future.”

Ashley Hudson | Bolton & Menk

How You'll Make an Impact

We're the only association in Minnesota focused exclusively on transportation. This means we're focused on helping our members transform their ideas and energy into funding, safer roads, and projects that benefit our community.

Join us to:

Shape state and federal transportation policy
