**MINNESOTA
TRANSPORTATION
ALLIANCE**

Keep Our Transportation System Working

The Alliance is the only organization in Minnesota that brings the transportation community together to speak with one united and effective voice for increased funding — and we get results!

“In 2006 the Transportation Alliance co-chaired the effort to pass the transportation amendment, which dedicated the motor vehicle sales tax to highways and transit. Tiller Corporation appreciated the ability of the Alliance to pull together diverse companies and organizations in a united effort that led to the successful passage of additional transportation dollars.”

- Chad Sauer, President, Tiller Corporation

“I was never more proud to be a member than in 2008 when we worked together to help pass the first gas tax increase in twenty years, providing increased funding for state and local bridges and local roads and creating new funding for transit throughout the state.”

- Mike Sheehan, Olmstead County
