NOTE 1: The bill moves the effective date for the transfer to the passenger rail account from FY 28 to FY 30. This results in Gen Fund savings in FYs 28 and 29, but Gen Fund transfers out starting in FY 30 would be at base amounts of approximately \$8 million per year.

NOTE 2: The bill changes distribution of auto parts sales tax revenue: HUTDF decreases from 43.5% (current law) to lower percentages in FYs 2026-2036, with comparable increases to General Fund each year.
