Contributing to Our Partners Success

An alliance is all about the members involved. In commemoration of our 125th anniversary, we are celebrating those who have been apart of our story. Thanks to our member, Cobb Strecker Dunphy & Zimmerman (CSDZ), who has been a major part of our story since 1997.

Established in 1919 as a construction contract surety organization, CSDZ has a long history of working with the construction and design industries. Over time, this firm has grown to become a nationally recognized specialty risk management organization. In 2018, CSDZ entered a partnership with parent company, Holmes Murphy, establishing one of the largest employee-owned brokerages in the country. For over 50 years, this firm has pioneered the provision of solutions to Professional Service firms with exposure to Professional Liability and Malpractice.

Today, CSDZ is an industry leader and innovator in Financial Risk, Professional Liability, and Alternative Risk solutions, and a leading business of the Transportation Industry.
