

THE  
TRANSPORTATION  
**ALLIANCE**

Honoring The Past, Embracing The Future

1893

**125 ANNIVERSARY**

2018

**DUININCK**

An alliance is all about the members involved. In commemoration of our 125th anniversary, we are celebrating those who have been apart of our story. Thanks to our member, Duininck Inc., who has been a major part of our story since 1957.

Founded in 1926 by brothers Henry, Amos, and Wilbur Duininck, this company has a strong road and heavy highway construction heritage. The brothers entered road construction over 80 years ago in Prinsburg, Minnesota, and "built the foundations of Minnesota's highway infrastructure; growing with the industry, progressing from horses and mules to heavy machinery and modern surfacing techniques."

Today, Duininck is in its third generation of Duininck family leadership, and is a leading contractor of the Transportation Industry.
