ALLIANCE

Honoring The Past, Embracing The Future

1893

125 ANNIVERSARY

2018

Founded in 1995, by five engineers, WSB initially provided municipal, transportation, water resources, and traffic engineering services. However, their portfolio of services would rapidly grow, and in only 10 years the company became one of the fastest growing A/E/P and environmental consulting firms in the U.S.

Today, WSB is recognized as one of the top places to work in the state of MN, and is a leading consulting engineer for the transportation industry.
