Note: Dues may be deductible as an ordinary and necessary business expense, but are not deductible as a charitable contribution. Due to the “Omnibus Budget Reconciliation Act of 1993” dues attributable to lobbying are not deductible as a business expense. For 2019, 20% of dues will be non-deductable.

Join Today and Start Making a Difference

As a Transportation Alliance member you will receive:

- Alliance Updates and Transportation News Reviews;
- Inclusion on our Transportation Alliance Web Site;
- A listing in our Transportation Alliance Annual Directory;
- Access to the latest news and reports including our report on Local Funding through the local option sales tax and wheelage tax, and reports on potential grant funding opportunities;
- Discounts on all Alliance events with a Member Registration Rate;
- Assistance in setting up, meetings with lawmakers, answering questions and handling research needs;

Benefits of Alliance Membership – We Support You!

- Increased funding and more transportation projects in Minnesota
- The latest, in-depth info you can use to get more business and stay on top of policy changes. We provide weekly updates on legislative action at the state and federal levels as well as information on what is happening in other states.
- Relationships with people from all across the state: industry, state agencies, local governments, labor, and other modes
- Greater visibility for your company or organization. Members of the Alliance are featured on our web site and in our publications. Members also receive discounts on event registration and access to all of our materials and reports.
- The ability to make a difference by supporting your industry and helping to make transportation safer and more effective in our state.

Work with colleagues to increase project opportunities

Stay on top of the latest news and developments

Build relationships with potential clients and key agency representatives

The Transportation Alliance is the only organization in Minnesota that brings the transportation community together to speak with one united and effective voice for increased funding — and we get results!

[www.transportationalliance.com](http://www.transportationalliance.com)

Some Accomplishments Since 2006

- Passage of the constitutional amendment dedicating the sales tax on motor vehicles to transportation and adding over \$2 billion in funding since 2007.
- Leadership of the successful campaign to convince lawmakers to pass a major Transportation Funding Package (Chapter 152) in 2008. This comprehensive funding bill — worth over \$5 billion to date — included permanent increases in constitutionally dedicated funding along with local sales tax options for counties, allowing major highway, bridge and transit projects to be completed throughout the state.
- Increased funding for the Local Bridge Program (over \$380 million since 2006) and Local Road Improvement Program (over \$400 million since 2006) through lobbying efforts that kept legislators informed about projects in their districts and the need for significant resources. Hundreds of local governments — counties, cities and townships — have benefitted from millions of dollars in funding.
- Passage of legislation dedicating the sales tax on leased vehicles, rental vehicles and auto repair parts to transportation along with \$1.3 billion authorized in Trunk Highway Bonds (\$670 million for State Road Construction and \$700 million for Corridors of Commerce).
- Brought hundreds of transportation industry advocates together with decision makers at our Transportation Day at the Capitol, Washington, DC Fly-In and Annual Membership and Construction Forecast events.

Here’s What Our Members Have to Say:

“The Minnesota Transportation Alliance effectively represents and informs counties, cities and townships when it comes to important transportation funding issues. Through the Alliance, we join together with private sector companies and other organizations involved in transportation to secure significant new funding including dollars for local roads and bridges. With the Transportation Alliance, we get the big picture. We’re part of a coalition working to improve the safety and effectiveness of Minnesota’s transportation system.”

– Jodi Teich, Stearns County Engineer

“The Minnesota Transportation Alliance provides the forum where everyone in transportation can come together: suppliers, contractors, engineering firms, local governments, labor and advocates for all modes. As a year-round sponsor, 3M gets noticed by all Alliance members and event participants. We appreciate being part of the coalition that presents a strong, united front for transportation funding with lawmakers at all levels of government.”

– David Meslow, 3M

“We appreciate being part of the coalition that presents a strong, united front for transportation funding...”

Events/Networking Opportunities

Washington Fly-In

Held annually in the spring, our premier event brings Alliance members to Washington, D.C. for scheduled meetings with the Minnesota Congressional Delegation and with other transportation leaders. It’s your opportunity to network and build support for additional federal funding for transportation projects in Minnesota.

Transportation Day at the Capitol

This annual event brings members from across Minnesota to Saint Paul for a day spent advocating for transportation funding. Members spend time meeting with and hearing from key state legislators and visiting with colleagues from all areas of Minnesota’s transportation community.

Annual Meeting/Construction Forecast

The Annual Meeting provides a venue for recognizing the great work done by our members as well as providing important information regarding upcoming projects and future funding levels. This event provides a wealth of information from MnDOT, the Metropolitan Council, legislators and other transportation leaders.

Local/Regional Meetings

We meet with our members all across the state. We organize regional meetings with our members, local officials and state legislators to focus on the issues that are important in your part of the state.

Event Sponsors are Recognized and Highlighted at all of our events and in our publications for one annual fee! Get your organization in front of the transportation world in Minnesota.

Sign up to be an event sponsor at:
